Artist: Brian Goggin and Dorka Keehn

Brian Goggin and Dorka Keehn's *Language of the Birds*, completed in November 2008, is a flock of 23 sculpted, illuminated books, which appear to have taken flight from the plaza. Embedded in the plaza sidewalk below the suspended books are words in English, Italian and Chinese that appear to have fallen from the pages "flying" above. The text was selected from the neighborhood's rich literary history.
